

Introduction to Canine Rehabilitation

**Would you like to improve patient care?
Make rehabilitation a part of your everyday practice!**

A two day course of lectures and wet labs for
Veterinarians and Veterinary Technicians
Instruction by: Tara Edwards DVM CCRT

Course Description:

The objective of this course is to introduce attendees to the rapidly growing practice of Canine Rehabilitation. Participants will review clinical anatomy and orthopedic examinations. Conditions that are commonly treated by rehabilitation therapy and treatment modalities appropriate for general practice will be described, demonstrated and practiced on canine patients. Patient selection for in house treatment versus referral, as well as the services that are available at referral institutions will be discussed.

Cost: \$600 (Lunch Included)

Course Code: HSCI 0122 **CRN:** 25784

Eligible for 10 CE credits from OAVT and 14 hours CE for DVMs

Location: Orillia Campus

Dates: March 6-7, 2010
