

OAVT RRP Rabies Specimen Collection Process

**Public Health
Unit submits
rabies
specimen
collection
request online
to OAVT office**

RVT DISPATCH
RRP staff email/text RVT
to determine availability
to collect specimen

Document Prep
RRP staff complete all
documents required to ship
with the specimen and email
them to the RVT to print off and
take to collection location

RVT Sample Packaging
RVT packages specimen
according to the
Transportation of Dangerous
Goods Act

RVT Sample Collection
RVT uses their unique skills
to collect the specimen
required for testing

RVT Responds
RVT arrives at collection
location with appropriate
tools, PPE,
required documents
and shipping supplies

RVT Drops of Package
RVT drops packaged
specimen off to a
predesignated Purolator
shipping location

RVT Closes Case
RVT closes the case on their
device to record the
collection/shipping date
and time

**RVT submits
invoice to
rrp@oavt.org
on the 1st and
15th of the
month for
completed
collections**
