Choosing the Right Dosage Safely

Age Group	Recommended Dose	Notes
Adults & Teens (12+)	10 mg once daily	Non-drowsy, can be taken with/without food
Children (6–11)	5 mg once daily	Liquid or chewable tablet options available
Children (2–5)	5 mg daily	Use liquid forms, monitor symptoms
Under 2	Consult pediatrician	Safety is crucial

Safety Tips:

- Do not exceed recommended doses
- Avoid combining with other antihistamines
- Monitor for rare side effects like headache or dry mouth
