

# PLEASE JOIN US FOR A LIVE WEBINAR EVENT

Virbac

TOPIC:

**Behaviour Medications in Practice: Communication, Expectations,  
and Clinical Decision-Making**

## PRESENTER: Dr. Lisa Radosta DVM, DACVB

Dr. Radosta graduated from the University of Florida College of Veterinary Medicine in 2000. After completing an internship in small animal medicine and surgery at Coral Springs Animal Hospital, she worked as a primary care veterinarian for 2 1/2 years. She completed a 3-year residency in Behavioral Medicine at the University of Pennsylvania in 2006 and passed the board examination later that year. During her residency, she was awarded the American College of Veterinary Behaviorists Resident research award two years in a row.

**Wednesday April 29**

7:00 p.m. ET

6:00 p.m. CT

5:00 p.m. MT

4:00 p.m. PT

### DURATION 1.5hrs\*:

60 min. presentation

30 min. Q&A

### MODERATOR:

Natasha Smith

### REGISTER NOW:

## LEARNING OBJECTIVES:

- 1) Identify early behavioral warning signs and implement effective screening strategies during routine veterinary appointments.
- 2) Communicate treatment recommendations to clients, including when to choose supplements versus medications and how to discuss options such as fluoxetine (Reconcile) and clomipramine (Clomicalm).
- 3) Develop structured follow-up and reassessment plans for patients receiving behavioral medications, including how to manage perceived treatment failure and determine when therapy should be adjusted or escalated.

\*Attendees (who are recorded as participating live for one hour) will receive an email documenting the CE credit, within 15 business days. This presentation is a **live event** but **will be recorded and made available to registrants for a limited time**. This program has been submitted (but is not yet approved) for 1.0 hour of continuing education credit in jurisdictions that recognize RACE approval.
